Under this agreement for 2014
Murarrie State School will receive

This funding will be used to

Sustain Murarrie's School Charter ('Thriving Minds': 2013 QSR) as a rigorous, living document that responds to educational trends, and the development of 'Great Teachers'. This funding will be used to lift 20% of all students into the U2B for reading and writing for 2014.

Our strategy will be to

1. Implement a whole school curriculum model for the teaching of Writing and Reading (develop contextual learning for students)
2. Develop informed and effective teaching practices (data analysis to target learning improvement)
3. Invest in teacher professional development (resilient learners who reflect, and enact)
4. Provision of school partnerships (travel to other schools to broaden philosophical understandings)
5. Intervention for targeted students (reinforcement of hippocampus)

Our school will improve student outcomes by

1. Success as learners functioning at NMS and above ($4 800 for TRS)
2. Quality teaching using appropriate resources ($4 000 for resources)
3. Teacher professional development and educational research (TRS $4 800)
4. Rigour in the School's Charter (TRS for school visits = $10 922 for TRS and travel costs)
5. In-situ support for students (TAide time = $2 000)

Mrs Tina Gruss
Principal
Murarrie State School
