School overview

Murarrie State School is a small school situated in Brisbane. The learning environments are rich and stimulating in their capacity to provide open and varied learning contexts. Our staff is currently focusing on improvement of literacy and numeracy learning of students, with long-term goals to sustain student success and progress across the primary years. Murarrie State school students are positive in their attitude to learning, and respond well to the variety of rich learning programs, and the positive feedback from staff. Through the school's Social Code, students are developing the understandings of resilience, tolerance and respect. Aboriginal and Torres Strait Islander perspectives are being embedded in our curriculum programs.

Murarrie State School has a defined and explicit improvement agenda, which continually words towards improving. Our school engages with a highly proficient Curriculum coach and cluster of similar schools to enhance each others processes and practices.

School progress towards its goals in 2018

- In 2018, Murarrie had a duel focus on Reading and Writing. Steps that were taken to record the excellent
 growth in Reading were applied to Writing and the essential connection between the two became a focus.
 Staff engaged with the Australian Curriculum and our Curriculum Coach to deepen their understanding of the
 Writing demands within the curriculum.
- Across our network of small schools, staff participated in moderation and planning days highlighting the intentional collaboration and collective efficacy across the schools.

Future outlook

In 2019, Murarrie will sharpen its focus around writing, building upon the works commenced on 2017. Murarrie will continue to engage a Curriculum Coach to support this.
